CLIENT AUTHORIZATION

I request that Stone Ridge Insurance Group submit this cancellation request to the insurance carrier. I understand that this form does not itself cancel coverage and that cancellation is not final until accepted and processed by the carrier. The carrier determines the effective date, earned premium, fees, refund, or balance due under the policy terms and applicable law.

If this policy is being replaced, I confirm that replacement coverage is effective before the requested cancellation date. I understand that an incorrect date or failure to secure replacement coverage may create a lapse in coverage. Scheduled automatic payments may not stop immediately.
